Miss Gay Days

2014

I am the future of the
LGBT community.

I'm gay.

I'm 20 years old. I'm out to my parents. I love parties, the beach, and believe it or not, sports. I have a boyfriend, and we like to laugh at dumb online videos.

But I also read the news. I care about the planet. I'm studying Engineering at college. I voted in the last election and I campaigned for marriage equality. Someday I might want to have kids.

I am the future of the LGBT community. And I read about that future every day on my smart phone. Because that's where I want it to be.
